WELCOME TO BLACK DIAMOND

Black Diamond Security provides technology Led security Solutions to a number of key market sectors, focussing on Asset Protection, People and Property.

The business is unique in the provision of Professional Security Services, when compared to the general market place within the UK in that:

- Our assessment of your security needs is paramount in the selection of the services we offer, and are tailored to your requirements.
- Technology Led Solutions are used in every case to complement, the deployment of personnel.
- All our security personnel are not only SIA Trained and Licensed, but undergo significant further bespoke training, again tailored to your specific assignment.

WHY CHOOSE US?

As a trusted security company within the industry, we have vast experience in proactive and reactive solutions, installation and management of installed security systems and providing superior quality without losing that personal touch.

Black Diamond Security operations are delivered by highly trained security specialists and are among the best in the industry. We have a depth of knowledge and a set of proven capabilities that sets us apart from our competitors. (Our team of experts have Special Forces, Military, police and medical expertise who believe in providing a service second to none).

OUR WORKING LINE

We currently have a number of operations, offices and operational rooms across the UK already fully functional. This allows us the opportunity to provide our clients a nationwide 24/7 service.

- The ability to launch and set up at a moment's notice
- Continued support in case of a crisis
- A top-quality service at a competitive rate

Black Diamond Security's success lies with its hand picked team, partners, extensive equipment and development of long-term relationships with our clients. This enables us to provide a top-quality service that's tailored to their needs.

Our integrated approach enables us to be able to provide, cover and support upon request all aspects and phases of our clients' operations:

Counter Surveillance

Surveillance

Security never sleeps so we have a 24-7 Central Station that provides control and support to our operations in the UK. Our responsive approach includes a management facility that directs 24-hour callouts, technical support, vehicle maintenance and logistical and administrative support which is a hallmark of our success.

OUR SERVICES

Black Diamond Security is constantly looking to expand and refine security solutions to aid clients. (Providing the security you need to keep your business, home or family protected.) Our services offer complete peace of mind and allow you to focus on your objectives without having to worry about security issues.

PERSONAL RISK MANAGEMENT

We assess your profile through your lifestyle, not what it is but what it represents, your public profile, from the eyes of the public, your global visibility across open source and social media. We look through the eyes of the offender, what personal or business information can we find out about you, if we can find it so can someone else, residential address, phone numbers, email and routine.

PERSONAL PROTECTION

Close Protection Officer (CPO)

Highly trained professionals who can operate discreetly or as a visible presence. We are able to offer both male and female officers ensuring we can meet your specific needs.

Residential Security Teams (RST)

Residential Security can be used in many forms from protection of your building/property vacant or not, your family, assets and as a deterrent from being part of a close protection team, which will include the protection of your family/colleges or a stand alone RST service. Teams are made up of former members of the Armed Forces utilising their Military training and experience.

Surveillance

Experts in providing covert surveillance services throughout the world for both private and corporate clientele. Black Diamond Security teams will trace and track individuals covertly gathering the required evidence for cases such as; fraud, theft, stalking and harassment using photographic, microphones and vehicle tracking devices.

Counter Surveillance

Our highly skilled operatives will detect and prevent any surveillance being carried out on a client or premises. Black Diamond Security will carry out certain measures to prevent surveillance including covert surveillance. More often than not counter surveillance will employ a set of actions (countermeasures) that when followed, reduce the risk of surveillance.

Physical and Technical Security Planning

This covers all aspects of risk from travel, accommodation to personal protection. This service is provided as part of our comprehensive security package.

Dynamic Country Risk Assessment

We apply expert analysis to an array of current information which is constantly verified and reviewed to identify and alleviate potential threats to security in and around your operating space whilst abroad.

Asset Protection

Whether home or away, on business or pleasure, you need assurance that your personal and business assets are secure and protected. Utilising a combination of the latest technology, security officers and secure storage, we will protect property, cars, jewellery, sensitive documents and those things most valuable to you.

International Travel Risk Updates

Covering all aspects of secure travel whilst abroad, benefiting from real time updates on emerging situations and threats.

Location and Tracking Services

Benefit from the assurance of the security of your key people and tracking of your most valued assets in the UK and abroad.

Personal Concierge Service

Whether it's last minute reservations in the most exclusive hotels, evenings at the opera and theatre or perhaps VIP access to the latest clubs, parties, gala balls, film premieres and special events, you can be certain that our personal concierge service will make your day one to remember. We will take care of everything for you so you can make the most of your time in the UK.

Child Concierge Service

As well as offering services to travel and corporate clients, Black Diamond, offers an exclusive service on behalf of its clients to provide protection for children whether travelling to and from an event, during the event or everyday life. Fully trained and vetted CP officers are used for these exclusive and highly specialised services.

Chauffeur Service

Travel securely in luxurious personalised surroundings away from prying eyes with our chauffeur service. You can be assured of a relaxing and enjoyable journey with professional CP drivers and a premium range of vehicles.

Executive Travel

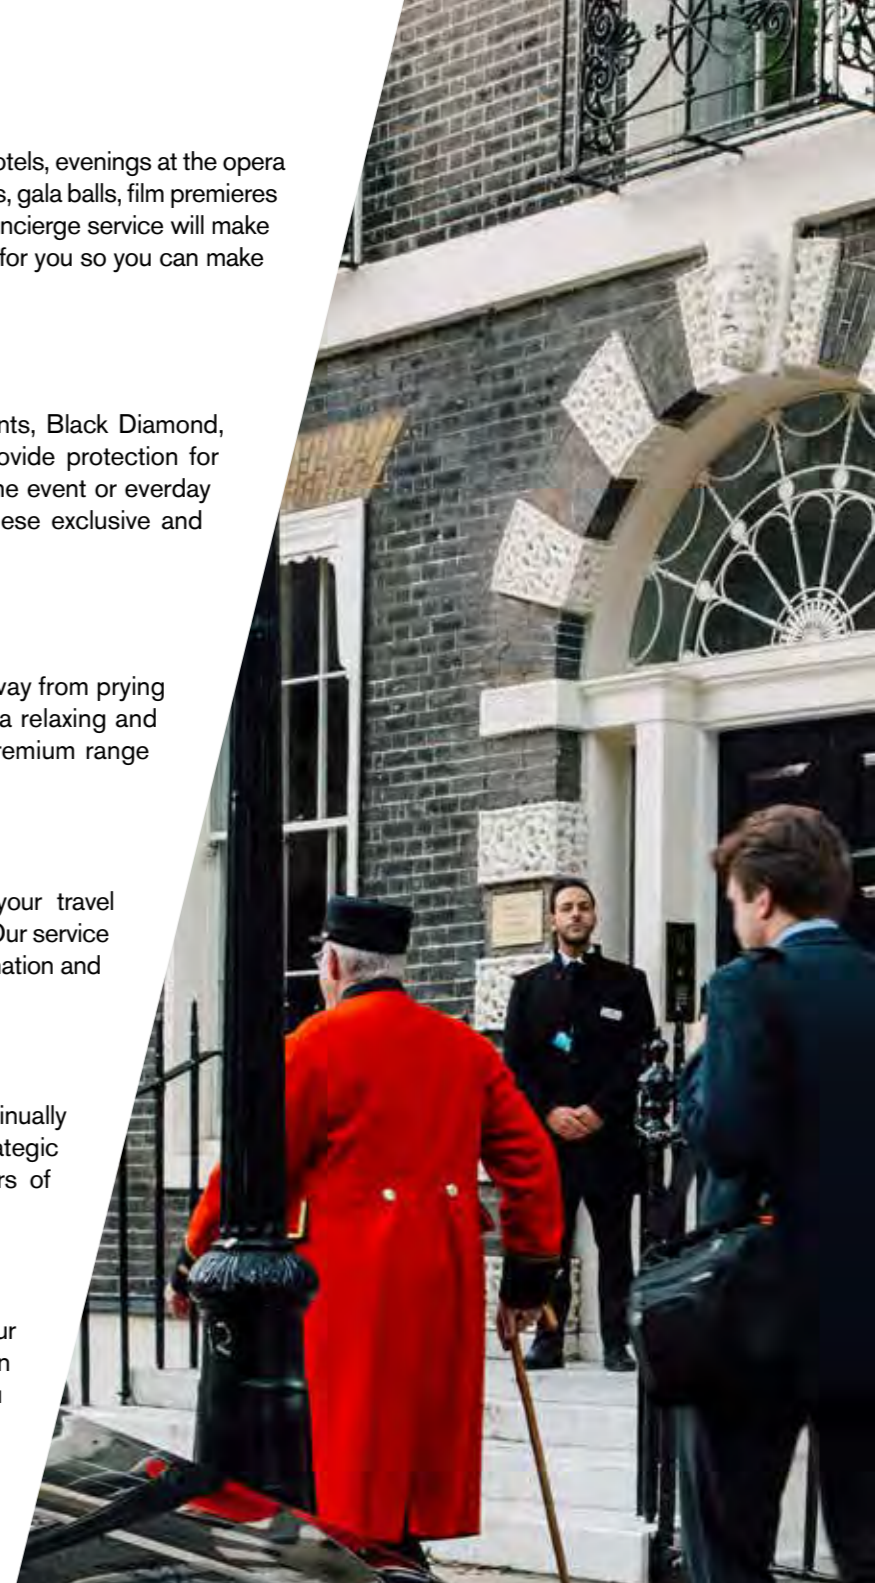

Enjoy your journey with us. We will take care of all your travel arrangements ensuring a smooth and relaxing experience. Our service includes private jets and helicopters to and from your destination and always with that special personal touch.

Strategic Partners

To make sure Black Diamond is supported and continually developing and learning, we have teamed up with strategic partners who are the best and most exclusive providers of these services.

Technology Led Solutions

Providing you with the security you need to keep your business protected, our inventions and innovations in technology offers complete peace of mind and allow you to focus on the objectives without having to worry about security issues.

COMPLIANCE AND ACCREDITATION

The aim of the SIA Approved Contractor Scheme is to raise performance standards and to assist the private security industry in developing new opportunities. The Private Security Industry Act 2001 requires the SIA to establish a "system of inspection for providers of security services, under which those organisations who satisfactorily meet the agreed standards may be registered as approved, and may advertise themselves as such".

This qualification has been developed by NASDU to encompass a number of disciplines which meet National Occupational Standards (NOS) and the training requirements within BS 8517 Part 1 and 2.

Experienced Security Dog Handlers working both General Purpose, Security Dog Handler and Detection Dogs.

HABC – An awarding organisation approved by the Regulatory Authority OFQUAL and recognised by the SIA.

The SafeContractor scheme provides a health and safety audit service for contractors who want to reassure their clients that health and safety is being handled correctly and sufficiently on their sites.

Black Diamond Security currently holds a nqa ISO 9001:2015 UKAS accredits the certification for Quality Management Systems. It provides the basis for effective processes and effective people to deliver an effective product or service time after time.

CASE STUDY - EKATERINA TYAGUNOVA

Throughout her London visit, Ekaterina stayed at the very popular and exclusive Langham Hotel. Black Diamond Security was on the lookout 24/7 to ensure the safety and peace of mind of the TV host. We looked after all her security needs during this visit. During her time in the capital we provided her with two close protection officers. We appreciate that it can be very hard for a celebrity to feel safe at all times, and Black Diamond Security did everything possible to provide the very best solutions on the market to make Ekaterina feel safe during her trip. We catered to all her needs to ensure that she had nothing to worry about.
