

Provides highly specialised, bespoke personal security services, based on the lifestyles and individual needs of each of our clients and their families.

Protection Management

Our highly trained security consultants will advise you on the best route to fulfilling personal protection requirements, stress-free, according to the results of comprehensive risk reduction assessments carried out on your behalf. The individual results of these assessments form the basis of all personal security improvement plans prepared by Black Diamond Security.

Whether you require highly visible or covert protection, our tailor-made suggestions will be designed to eliminate security risks and compliment your lifestyle, by way of practical strategies, on a long or short-term basis.

As professionals in the field, you will find that every private security operative takes pride in maintaining an attentive and conscientious approach at all times. It is this personal focus and attention to detail that has helped to establish us as a leading professional security company in London and the UK.

Why use Black Diamond:

- ◆ Proactive & reactive company
- ◆ All systems are linked
- ◆ One contractor for all your security needs
- ◆ Divisive Processing
- ◆ Service based tailoring
- ◆ Best price without sacrificing security

Security and Risk Management

Security and risk management may be approached in a number of different ways according to your requirements. From intercom systems and perimeter fencing to residential alarms and lighting, our custom-fit solutions effectively eliminate the danger and offer complete peace of mind.

Also provides assets protection for treasured possessions, bodyguard protection for public appearances and female close protection officers for situations where a female operative is preferred by the client. Our personal security professionals are highly skilled and medically trained.
