Dear Black Diamond Security Ltd,

Re: Successful Membership Registration

Congratulations on recently obtaining your Bronze level Compliance Chain membership!

Your Compliance Chain “Subcontractor and Supplier” membership allows you to demonstrate your ongoing business and professional standing and gain exposure to more Principal Contractors and Public Sector clients.

Your membership number is CC 00745 which you can use going forward to demonstrate to buying organisations your compliance with PAS91 and CAS. We have also appended to this letter your Compliance Chain certificate.

Connect with more Principal Contractors

If you are looking to connect with more Principal Contractor organisations, we support Gold and Platinum members by facilitating introductions, holding free Meet the Buyer events and providing platforming opportunities to boost your brand awareness. You can **upgrade your membership** to a higher membership level by clicking upgrade once you have logged into the Compliance Chain platform. This will enable your company to demonstrate a higher level of compliance whilst gaining access to a host of additional benefits.

Promote your accreditation

Share the news of your Successful Membership Registration across your social media platforms by downloading the Marketing Welcome Pack on the platform, and please feel free to tag the Compliance Chain accounts so we can shout about your successful membership registration too (Twitter - @ComplianceChain // LinkedIn - @Compliance-Chain).

Finally, to further advertise your successful membership registration, vinal stickers are available to purchase on the Compliance Chain website, which you are now officially licenced to display across your fleet.

Please follow our social media pages (detailed above) to ensure you are kept abreast of the latest industry thought leadership topics and events that are exclusive to our members.

Yours faithfully,
